# LIDIYA BOKONA BEYIE

## Software developer || Pharmacy student|| Cold Calling Agent

@ mystery.written@gmail.com  🔗 https://et.linkedin.com/in/lidiya-bokona-68621831b  📍 Addis Ababa

## SUMMARY

**Pharmacy student with a passion for software development**, exploring the intersection of health, tech, and innovation. Actively learning and building in **prompt engineering, digital marketing, and blockchain**, with a focus on solving real world problems through technology.

## EXPERIENCE

### cold calling agent
**ET CAM Digitals**
📅 07/2025 - Present

Digital Marketing Agency
- Identified business leads through market and social media analysis.
- Executed cold outreach campaigns and nurtured client relationships.
- Scheduled qualified meetings, boosting the sales pipeline.

### Back End Developer
**Bitwise Tech Solutions**
📅 12/2024 - Present

Technology company
- Built and maintained scalable server side logic with Python and MySQL.
- Developed RESTful APIs to enable smooth frontend backend communication.
- Automated deployments with CI/CD, improving release speed and system stability.

## EDUCATION

### Bachelor of Pharmacy
**Addis Ababa University (AAU)**
📅 10/2024 - Present

### High School Diploma
**Ethio National School**
📅 09/2011 - 07/2024

## PROJECTS

### DNA VAULT
📅 09/2024 - 01/2025
🔗 https://github.com/Lidiya-Bokona/DNA-VAULT.git

Developed a cutting edge web platform that converts user files into synthetic DNA code for ultra dense, secure, and durable data storage. Integrated advanced features including compression, encryption, and DNA encoding/decoding, offering a scalable, eco friendly alternative to traditional storage systems.

### Codon Hub
📅 10/2023 - 05/2024
🔗 https://github.com/Lidiya-Bokona/Codon-Hub

Built a console based Python program to teach DNA concepts with features like base pairing, codon visualization, and AI powered biology notes. Won **2nd place** representing Ethio National School at the Akaki Kality sub-city science fair.

## AWARDS

💎 **Certificate of Award**
Awarded 1st Place at the Innovate IT Club competition for outstanding creativity, innovation, and scientific excellence.

💎 **Certificate of achievement**
Represented Ethio National School at the Akaki Kality sub-city science fair with **Codon Hub**, a Python program for DNA learning. Placed **2nd** and received a certification.

## CERTIFICATION

**Certificate of Appreciation**
Radium educational solutions PLC

**Certificate of Appreciation**
Ethiopian Statistical Service

**Certificate of Appreciation for founder of Medical Life Club**
Ethio National School

**Certificate of Participation in school Science Fair**
Ethio National School

**Certificate of Participation in ALX African Tech Championship**
ALX Ethiopia

**Certificate of Participation**
Rotract Club of Fanos and Interact Club of ENS

**Certification Of Participation**
Google Developers Students Club Of AASTU

**Certificate of participation**
Interact club of ENS

**Certificate of participation as member of Library Club**
Ethio National School

**Certificate of participation in Book club**
Ethio National School
